Submitted,

CA 535 J94-95.

Serial no 13 on file.

The Excise Commissioner with his letter no 2778/262 dated 7th January 1896, submitted two lists A & B showing the cost of plant &c put up in the Central distillery by Messrs Parry & Co, up to end of July 1895

original lists x

	A	B
	Rs 54590-7-9	Rs 1201-10-1
As per supplemental lists now received with his letter under reference	" 14,457-10-3	" 282-4--
Total Rs	69,048-2--	" 1483-14-1

x List A shows cost of plant put up.
" B shows the expenditure incurred in making new & altering old buildings in the Distillery.

So the total of cost of plant put up, up to end of August 1896 would be Rs 69048-2-- + 1483-14-1

or Rs 70532--1.

This amount should be entered in the blank left in the dft notification, and so the amount has been entered in pencil in the dft notifn submitted herewith.

Submitted for orders. 14/9/96.

Please see the Secretary's query
on the Excise Comm's No 1890/145
& 23-9-96 Note

According to the former
list the amount total amount
as per A list (Cost of plant
put up) was —— Rs. 69,048-2-
and that of B list
(expenditure incurred
in making new & altering
old buildings of the Distly)" 1,483-14-1

Total Rs 70,532-"-1

The amount reported
in the Excise Comm's
letter now under Reference is Rs 70,710-"-"

So the difference is Rs 177-15-11

But the amount given in the
draft notification is only
Rs 69,048-2-" the amount
given in B list viz 1,483-14-1
being omitted as directed by
the Secretary.

Moreover the amount of
Rs 70,710/- now given is only
an estimate and not the actual
cost. The difference between the
former and the present amounts is
very small viz Rs 177-15-11.

Submitted
KZ 26/9/96

Memo.

The Excise Commr. was, in the Dewan's memo dated 30th November 1894, asked to submit a list showing the expenditure incurred by Messrs. Parry & Co. on account of the plant &c put up by them in the Bangalore Central distillery. From the lists submitted with the Excise Commissioner's letters dated 7th January & 8th September 196, it will be seen that the total Cost incurred by Parry & Co. on account of the plant put up, amounts to Rs. 70532-7. Messrs Parry & Co. were informed by the Excise Commr. that the detailed items of expenditure as shown in the lists, would not in any way help the Government to make an estimate of the cost of various machines and was consequently asked to submit without reference to the articles, such as

submit a revised list showing the cost of various machines. The cost of the plant put up, according to this revised list is Rs 70710/-.

(Excise Commr's letter No. 1890/145 dated 23rd September 1946 put up)

of which

(1) Rs 19500/- is actual permentmade on account of the plant purchased from the old contractors (C. Rajamani & Co.

(2) " 51210/- on account of the plant supplied by Messrs Parry & Co.

Of the item (2) no information is available as to details under the heads

(i) Second-hand articles &

(ii) new articles.

From the clearance has to be deducted Rs 1463-14-1 for alterations & additions in the Distillery building ____

Sec

Office Note.

Advertisement for new Arrack Contract (21

1. Para 8 Clauses VIII & IX. give option to outgoing Contractor to Sell or not the existing plant. If he elects not to Sell, manufacture at end of his Contract will be impeded. What are the rights of the Case arising from Messrs. Parry & Co's present Contract. There is little chance of any Contractor agreeing to Sell, but we must protect ourselves. If there is little chance the option is unnecessary. At any rate we shd. provide that if the outgoing Contractor wish not to Sell, he must remove his plant in suffce time to enable the new Contractor to erect new plant in lieu.

The best plan is to ask Messrs Parry & Co whether they wish to Sell - under the para? and if they say "Yes." that will bind them.

2. Plant Valuation - is urgent. Please expedite How much of Plant is

(a) from Old Contractor taken over by Messrs. Parry & Co.

(b) Supplied by Messrs. Parry & Co.

(1) Second-hand

(2) new.

I should like to have this in fm, by Easy as possible.

No 1095/608

From,

The Excise Commissioner
in Mysore

To,

The Secretary to the
Government of Mysore

Sir,

Adverting to this Office letter No. 2095/185, dated 2nd November 1895, submitting the draft Notification inviting tenders for the next contract of the manufacture of Arrack and other country Spirits, I have the honor to request that, with reference to my predecessor's recommendation in this Office letter No 1524/155, dated 5th October 1895, to enhance the rate of Still-head duty of Arrack, 20° Under Proof, from Rs. 4 to Rs. 4½ and the retail price thereof from Rs 5-5-0 to Rs. 6, per gallon, the Standard Imperial drams Measure of 1/48th of a gallon being restored,

the

the following ——————— additional paras may be inserted in the aforesaid Notification for the information of the intending tenderers :—

11. "The rate of the Still-head duty of Arrack, 20° under proof, payable to Government, will be raised from Rs. 4 to Rs. 4½ per gallon, and the retail price thereof from Rs 5-5-0 to Rs 6 per gallon, (the Standard Imperial dram measure of $\frac{1}{48}^{th}$ of a gallon being restored, with effect from 1st July 1897.) The rates of Still-head duty and retail price of single-distilled Spirits of greater or less strength than 20° under proof, will be calculated proportionately upon the rates for 20° under proof, in accordance with Casella's rules."

12. "For double-distilled Spirits of all Strengths the rates of Still-head duty will be calculated proportionally upon the rate for 20° under proof, in accordance with Casella's rules. But for these Spirits, as well as for other

Special

Special liquors manufactured at the Government Central Distillery, Bangalore, both the manufacturer and licensed vendor thereof will be at liberty to fix their own retail prices."

2. I take this opportunity of requesting that the Roman figure "X" incorrectly given to the last para in the draft Notification submitted with this office letter No. 2095/185, dated 2nd/5 November 1895, may be kindly altered to the Arabic figure "10".

I have the honor to be
Sir,
Your most obedient servant.

The Dewan of Mysore,

Bangalore.

Sir,

We beg to acknowledge with thanks receipt of a draft copy of the Contingent which we understand is shortly to be issued calling for new Tenders for the privilege of manufacturing Arrack for the Districts of Mysore, inclusive of the Civil & Military station of Bangalore for a period of 5 years from 1st July 1897.

Regard to para 7 we shall be glad to know whether, in the event of securing the new contract, we should be required to deposit a further sum of one Lakh of rupees, or whether our deposit against the present contract would be held to be sufficient, subject to its transfer in due course.

Regard to Clause I of para 9, we shall be glad to know whether, in the event of a failure of the Water Supply, the Contractors would be entitled to import Spirit from British Territory, or be relieved of the responsibility.

We note with pleasure the insertion of Clause IX of para 9 in accordance with your promise to Mr Shaw in December last, and which is

quite

satisfactory to us.

We have the honor to be,

Sir,

Your most obedient servants,

Dewan of Mysore

Dear Sir,

Referring to my letter of 16th ult., to which I have received no reply, would you kindly let me know when tenders for the Mysore Abkari contract are to be called for.

I see from the notification of 11th June 1892 para 3. c that the new contractor is not bound to take over apparatus, stock and block from the old contractor + this is a point

of some importance as these Parties
talk of putting exhorbitant prices on
what they have, to prevent outsiders
from locating

Yours faithfully

No. 1890/145 Enc: 2

From The Excise Commissioner
in Mysore.

To The Secretary to the
Government of Mysore
Revenue and General Departments

Sir,

In continuation of my letter No. 1583/120 dated the 8th September 1896, I have the honor to submit herewith a copy of Messrs Parry & Co's list showing the cost of the various Stills, Pipes, Vats, Receivers &c put up by them at the Government Central Distillery, together with a copy of the Correspondence relating to the same. The total estimated cost of the plant as given in the above list, is Rs 70,710.

I have the honor to be,
Sir,
Your most obedient servant

Excise Commissioner

No. 1602/21.

Excise Commissioner's Office
Bangalore 9/11th September 1896.

From The Excise Commissioner
in Mysore

To Messrs Parry & Co
Manufacturers of Arrack & other
Country Spirits to the
Mysore State
Madras

Sirs,

In acknowledging the receipt of your letter dated the 3rd instant, I have the honor to state that the supplemental list now received, as well as the list sent in July 1895, contains numerous sundry items of expenditure incurred by you at the Government Central Distillery, Bangalore, without reference to the articles, such as stills &c on account of which they were incurred. It is not therefore possible to make out the value of the stills, engines, receivers, vats &c set up at

at the Distillery. Consequently I have to request you to be so good as to furnish me with an abstract statement compiled from both the aforesaid lists, showing the total cost of each of the Stills, Engines, receivers, vats &c. In regard to fermentation vats, Casks & such other articles, the cost of a given number may be entered.

I have &c
(Sd.) P. S. Purnaiya
Excise Commissioner
in Mysore

Madras 21st September 1896

From

Parry & Co
Madras

To

The Excise Commissioner,
Bangalore,
Mysore.

Sir,

With reference to your letter No. 1602/21 of the 9th instant we have now the honor to forward herewith

herewith a statement regarding the plant in the Distillery which will, we trust, meet your requirements. It is not possible to make a regular abstract from the ledgers apportioning the various items to different Stills etc, but the estimate we have made is based as far as possible, on what the plant has cost, and amounts to Rs 70710/- against Rs 70532-4-1 the sum of the ledger extracts already submitted.

We have etc

(Signed) Parry & Co

Submitted for orders.

The lists* formerly received from the Excise Commr & his file of Messrs Parry & Co's Contract are with the Secretary

* Pp 1 to 13, 19 & 20 on file No IV add 2.

13/2/97

Subject

In para 2, the Ex: Commr specifies certain articles for which Messrs P & Co charge an excessive price; and these prices have been accepted in the draft, and depreciation etc. deducted therefrom. The Ex: Comr, however, does not state precisely what he would consider their reasonable value (under Cond^n IX); and as we have no option but to accept Parry & Co's own valuation as standard.

The rest of the calculation in the draft is all right.

14/2/97.

No 4248/289 - Excise Commissioner's Office
Bangalore dated 10th/11th Febr ary 1897

From.

The Excise Commissioner
in Mysore.

To.

The Secretary to the
Government of Mysore
General and Revenue Departments.

Sir,

Adverting to condition IX in para 8 of the Government Notification No. 5814 X / 8x223, dated the 28th December 1896, inviting tenders for the exclusive privileges of the manufacture of Arrack in the territories of Mysore inclusive of the Civil and Military Station of Bangalore, for 5 years from 1st July 1897 to 30th June 1902, I have the honor to submit, herewith for approval and publication a draft Notification, embodying the cost of all apparatus and stock and block belonging to Messrs Parry & Co. the present Contractors, at the Government Central Distillery, Bangalore.

the

the deductions to be made on account of depreciation and wear and tear of the same, and the balance of the price to be paid by the incoming Contractor.

2. I have ascertained that it costs Rs 1200 to make a new country Still (including worm pipe) of a capacity of 900 gallons. Messrs Parry & Co. have shown in their list Rs 1000 + 140 = 1140 as the cost of Still. 107 with the worm pipe, which is of the same capacity. The prices of the remaining country Stills also compare more or less in the same manner. Accordingly it is evident that their valuation of country Stills (most of which were old when sel. first, though all were prepared by them), is more or less equal to the prices of new articles. Messrs Parry & Co purchased an English Still and an Engine from Messrs L. Papanna & Co., their predecessors, for Rs 3500, and prepared them. Messrs Parry & Co have now valued this Still at Rs 2800 and the Engine at Rs 2000, or Rs 1300 more than what they

they paid for them. Last year they manufactured at the Distillery a new English Still exactly similar to the one they purchased from Messrs Jo. Papanna and Co.; and they have shown Rs 4000 as the cost of such new Still which has been working only since March 1896.

3. I beg to annex below an Extract from "Middlesworth's Pocket Book of Engineering Formulæ", showing what deduction should be made from the original cost of Machinery Boilers &c, for depreciation and wear and tear: —

Depreciation of Machinery, &c per annum on first cost.

Items	Depreciation	Wear & tear	Total.
Engines	3 per cent	3 per cent	6 per cent
Boilers	7 "	3 "	10 "
Machines	5 "	3 "	8 "
Wood work & Fencing	3 "	2½ "	5½ "
Brands and Bells		45 "	45 "

4. Comparing the Stills with boilers, and having regard to the fact that the Stills have

have from time to time been repaired, and are now in fair working order. I am of opinion that a deduction of 7 per cent per annum for both depreciation and wear and tear of the Stills is a reasonable.

5. In regard to all Machines, Engines and Boiler, I have adopted the rate given in the above book.

6. With reference to wooden Vats, Receivers and Casks, I have ascertained 2 per cent per annum to be a reasonable rate for the new ones put up by Messrs Parry & Co. and 3 per cent per annum for second hand ones.

7. For all other Sundry articles, I have entered what I consider to be fair rates.

I have the honor to be,

Sir,

Your most obedient servant,

P. M. Purcaya

SECTION S.R

FILE No. [illegible]

SERIAL No. 25

My dear Sir.

Before receipt of your official report No. 4248/289 of the 10th Instant I had placed myself in commt with messrs Parry & Co as directed by the Dewan. A copy of my letter No. C-75 R.7.276-92-93 dd the 8th Instant and the said firm's reply dd the 10th idem is herein enclosed for your inform. I dont know whether messrs Parry & Co's Agent was present when the valuation of their plant was made by you - to prevent all complaint, it would be satisfactory if the valuation were made in the presence of the said Agent and if his acquiescence & signature were obtained to such valuation - The Dewan further thinks that if possible the Agent should be

induced to agree to
a further reduction, the
value now entered being
in his opinion somewhat
excessive. As there is no
time to be lost I hope you
will do the needful and
intimate the result to me
as quickly as possible.

Yours Very Sy

Sd/ C. Sreenivasiengar.

Excise Commissioner's
Office, Camp Kyaukse
dated 20th February
1897.

From

The Excise Commissioner,
Kyaukse.

To

The Secretary to Government
Ecclesiastical & Revenue
Department.

Sir,

In reply to your Public (26) official
letter of the 16th instant, I have
the honor to submit herewith
copies of the telegrams and letter
received from the Messrs. Darrah
(a) Thamuthaw Kyaukse, relative
to the Kyaukse Still, expressing
their regret at the error in my valuation
of their Still sent at the Government
Central Distillery, Rangoon,
for fire proving, Test & Identification
& forwarded with my letter &c.
dated 19/42/48/289 of date the 10th instant
and deprecating any further
proceedings.

I have the honorable
Sir,
Your most obedient
servant
J. N. Burnett
Excise Officer
Kyaukse

Madras 19th February 1897.

To

The Excise Commissioner
in Mysore
Bangalore

Sir,

We have the honor to confirm the telegram which we have today dispatched (a true copy annexed), in which we have informed you that we accept your valuation as a whole viz. 2 crs. for the distillery plant specified in the list which we forwarded to you with our letter dated 21st September 1896. We understand that the Excise considers the above valuation somewhat excessive but in our opinion it is only a barely fair valuation, and we beg to point out that as mentioned in our telegram, we have entirely reorganized the distillery, and for this work, which is of no inconsiderable value to Government, we

Should

should get the contract
even if it remunerative
rate.

We think that it would
be unfair to us to press for
any reduction on the valuation
named, and we submit
that we might not unreasonably
ask Government for some
return for our investment
in the Distillery which (with
the unfavoured water supply)
we doubt if it realizes the
profits upon which the
Distillery Rent is based on
being so largely increased

We have &c.
(Signed) Pearey & Co.
